North Financial District

With its distinct architectural character marked by ornate brick buildings from the California Gold Rush era, North Financial District's history lends an exclusive ambiance to a dynamic neighborhood. It is one of San Francisco's premier destinations, where heritage meets understated luxury. Formerly the design center of San Francisco, Jackson Square has traditionally housed the city's premier antiques dealers in its mid 19th century buildings. Now, this vital area has expanded to become San Francisco's premier destination for award winning restaurants, design, fashion and the fine and decorative arts. This vibrant mix makes for a neighborhood that's lively and modern, yet celebrates its roots and historic charm.
